

“What’s NEW?”

Are You Ready To Find NEW Wealth

Entrepreneurs have many sources to prosper other than just the traditional financial ways.

Take for example the story of Evin Robinson (page 5). Through empowering women with his product he has gained a sense of accomplishment and a spiritual well-being that money can not buy. His efforts have made his soul quite wealthy.

Sometimes Wealth can be gained from what appears on the outside to be a loss or wasted effort.

Jana Riddick (page 13) has decided that she is not cut out to be an entrepreneur, not at this point in her life anyway. Even so, her time and effort working with Youth Entrepreneurs of Kansas were well spent. She gained a wealth of experience that she can use in any career path she chooses. Her skill set is transferable and very valuable.

Of course there is much financial wealth to be had in being an Entrepreneur.

Ben Sayers (page 27) has done quite well for himself living the dream of being an entrepreneur. Being in the right place, at the right time, and being able to recognize an opportunity when he sees it through his “entrepreneurial eyes”, has served him quite well so far. Ben will continue to take chances, grow, and prosper because that’s what Entrepreneurs do.

If you expand your definition of “Wealth” there is much to be gained from being an Entrepreneur. Experience, strength, wisdom, and emotional well-being are just a few areas where many Entrepreneurs are quite wealthy. Many of them have healthy bank accounts too!
